4:20pm	Next Steps
4:30pm	End of Meeting

Updates

- 30 x 30
- Project updates and developments
- Funding for blue carbon

Blue Carbon Collaborative Purpose

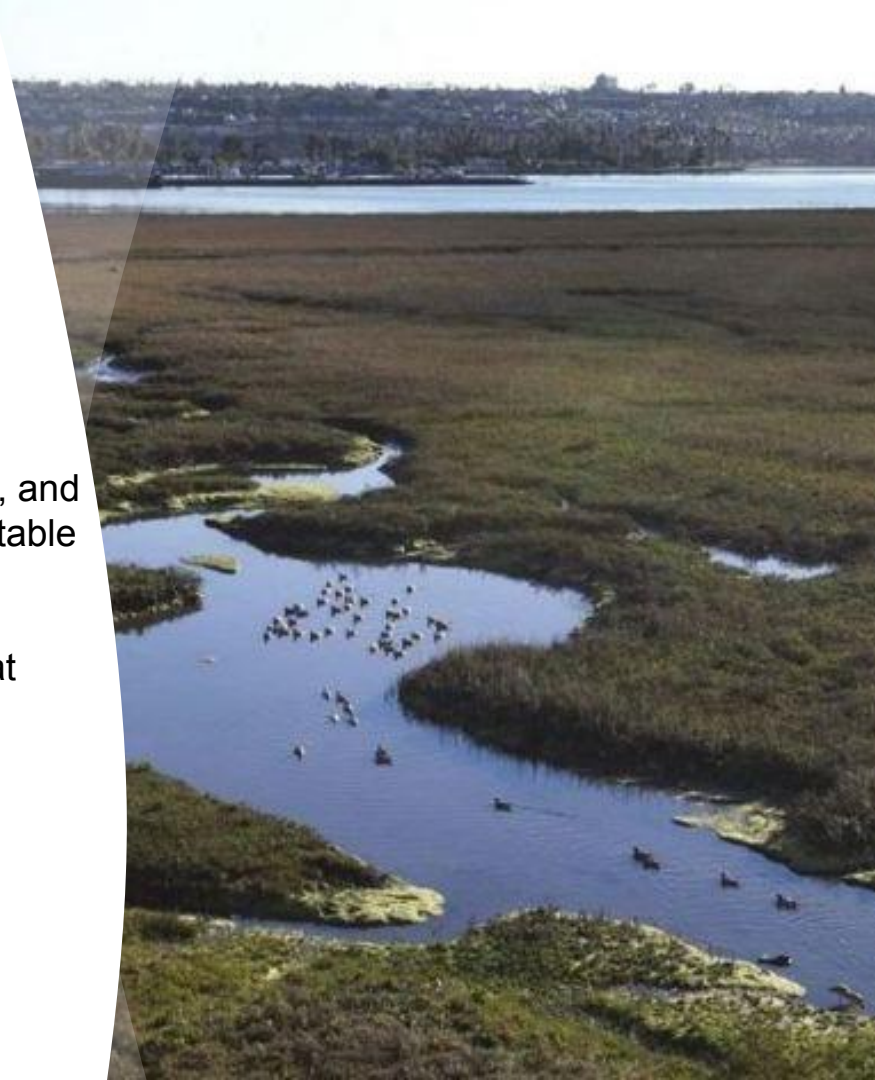

Present *Straw Proposal* and share feedback

Blue Carbon Collaborative *Straw Proposal*

Vision: Blue carbon ecosystems protected and restored, and Blue carbon integrated, financed into multi-benefit, equitable solutions across the US and globally

Mission: Create a Blue Carbon Collaborative (BCC) that builds political will, human and financial capacity, and enabling conditions to promote equitable blue carbon protection and restoration in the United States

Blue Carbon Collaborative *Straw Proposal*

Goals:

- Build a CA blue carbon model demonstrating on the ground solutions
- Share and leverage knowledge and resources
- Build capacity and political will
- Identify opportunities for monetizing blue carbon
- Ensure that frontline community priorities are incorporated into goals and actions of Blue Carbon Collaborative

Blue Carbon Collaborative *Straw Proposal*

Currently Funded Activities:

- Quarterly meetings, next 2 years
- Website

Blue Carbon Collaborative *Straw Proposal Input*

- Questions?
- Does the Straw Proposal resonate with your organizational needs?
- What would you like to see the BCC accomplish in the next year?

Blue Carbon Collaborative

2022 Learning Objectives

-  Financing: Funding and mobilizing for Blue Carbon Projects
-  Lessons learned/Best Practices: Countries, states, and local governments are creating enabling conditions and scientific baseline for blue carbon
-  California Case Studies: Examples in California regarding science, policy, and project implementation, e.g. permitting etc.
